## **Policy on Supervision**

### **Aims:**

- We recognise and accept that supervision is a vital aspect of the school day, and is legally binding.
- We fully acknowledge that we are “in loco parentis”
- Our aim is to ensure each child’s safety and well being, through structured supervision arrangements.
- We also aim to protect all children from physical and verbal aggression.
- To ensure that parents are adequately informed on Teacher/Parent responsibilities with regard to the safety and supervision of their children.

*A copy of the Policy on Supervision is available for inspection in the school.*
